

Big 'O'® REDLINE Tubing

Solid wall red coex pipe used as a conduit for electrical wires or water lines.

Why REDLINE Tubing?

- Easy to install
- Used as a conduit for electrical wires or water lines
- Durable design with 320 kPa product stiffness
- Chemical, abrasion, and UV resistant
- Combines with a wide range of Big 'O' standard fittings and accessories

Big 'O' REDLINE corrugated tubing provides a safe and effective electrical conduit. The internal pull string simplifies installation, and its red colour ensures easy identification. **REDLINE is available in 100 and 250 ft. lengths and conforms to BNQ 3624-115, but with a pipe stiffness of 320kPa.**

Applicable Standards/ Specifications:

ASTM F667
BNQ 3624-115
AASHTO M252

REDLINE* Tubing (with pull string)

Available Lengths	100 ft.	250 ft.
Available Diameters	4 in. (100 mm) 6 in. (150 mm)	4 in. (100 mm)

REDLINE* is unavailable in Quebec.

Armtec is a leading national manufacturer of a comprehensive range of infrastructure products and engineered construction solutions for customers in a diverse cross-section of industries. With operations coast to coast, we are a trusted partner for transportation, public works, forestry, oil and gas, and mining operations throughout the country and abroad. Since 1908 our commitment to quality, customer service and innovation has set the benchmark in the Canadian drainage and bridge landscape.
